**BIG MEETING HAS STARTED**

At The Ninth Street Christian Church, With Prospects of Great Results.

**LEADER OF CHORUS THERE.**

Rev. W. H. Sheffer Came Monday And Began His Work Last Night.

It may be truly said that the membership of the Ninth Street Christian church were revived before the commencement of the evangelistic services, to be held ten days or more, at that church Sunday morning. A great ingathering of souls is hoped for during the progress of the meeting. The pastor, Rev. H. D. Smith, is a man who never tires in his efforts to bring people into the kingdom and ever since his return from a three months' tour in foreign lands he has had in view the great meeting which was launched last Sunday. By the aid of his membership he found out every family in the city without church connection, people without church preference, as well as those who seldom attend divine services. His members are as deeply interested as himself and their expectations are great and their prayers earnest for a great outpouring of the Holy Spirit.

Prof. W. E. M. Hackleman, who will have charge of the music, was at the opening service last Sunday morning. He is a great director and a thoroughly consecrated man. Many years of experience has fitted him for a great and good work, and with a chorus that had been drilled by Mrs. Perkins, the leader of the choir, he found no trouble when he took charge, but everything started off smoothly and perfectly. This is not his first visit here. About twenty years ago he assisted in meetings here and many faces in the congregation were remembered, though he was greeted by many more new ones.

Rev. W. H. Sheffer, who is to do most of the preaching, arrived yesterday and preached his first sermon last night to a crowded house. He is a great evangelist and if the efforts of the pastor and his congregation succeed in getting many of the unsaved to attend these services the results can scarcely fail to be what have been hoped and prayed for by hundreds of people.

**AID OF SPORTSMEN**

In Enforcement of Game Laws Asked By Quincy Ward.

A request for the co-operation of every man in Kentucky who has a hunter's license to aid in the enforcement of the fish and game laws. The commercial hunter and the man who hunts out of season is to be watched, says Quincy Ward, the executive agent. He says that plans are being drawn for breeding and exhibition pens at the State Fair, where game birds and big game will be bred. The State is to be stocked with birds and game from these pens, twenty deer and some elk are to be purchased and placed in a reserve in Bell county, game wardens are doing excellent work and everything possible is to be done to have game worth hunting next year.

**That Turkey Trot.**

Considerable comment has been stirred up by reason of the fact that the O. G. SPROUSE CO. are giving the public the benefit of 10 large turkeys free. No inhumane or rough treatment will be tolerated in the contest, which will be under the supervision of officials of the Humane Society and the Police. Everything will be conducted in an orderly way.

**CONTEST NO. 1 WITHDRAWN**

Prof. Gray Leaves Band of Dissatisfied Republican Candidates.

**BACK IN HIGH SCHOOL CHAIR**

Prof. Foster Will Measure Up To All of the Requirements.

Neither Profs. Gray nor Foster is losing any sleep now over the result of the last election. Prof. Gray has again taken his chair in the High School and Prof. Foster is turning his attention to matters that will have first to be arranged when he takes the office of Superintendent of the County Schools.

Last Friday, along towards the closing hours of the day, Prof. Gray filed an order in legal form with Circuit Clerk W. A. Radford withdrawing his contest against Prof. L. E. Foster for the office of Superintendent of County Schools. The suit along with five others, was filed on November-15.

It was reported just after the suit had been filed late Saturday afternoon and on the day named, that as soon as Prof. Gray heard of the suit, he went to the office of the Circuit Clerk and stated to Mr. Radford that the suit had been filed without his instruction and without his knowledge.

Everybody is glad to see this exhibition of Prof. Gray's sound judgment, and without regard to party all wish him four years and more of happiness and prosperity, whether he ever gets into the running or not for an office which he once filled with great credit to himself and the good of the school children of the county.

As to Prof. Foster, the people who believe in him and elected him to the office which is now his beyond further dispute, are confident that he will measure up to all of the requirements. He is going to put all of the power of his vigorous young manhood into his work to better the condition of the schools of the county. Mentally he is well qualified. His education was made possible by the labor of his hands, he is a Southern man and there is nothing that can be said of him derogatory to the character of an upright, Christian man.

**SALE TODAY**

Of Personal Property by Mr. Rush C. Watkins.

Mr. Rush C. Watkins, having recently sold his farm five miles southeast of Hopkinsville, will have a sale of personal property on the farm today. A large lot of live stock will be disposed of and the sale will also include farming implements of all kinds.

**100,000 LBS. OF TURKEYS**

Shipped From Hopkinsville to Chicago and New York This Month.

**FIVE CARLOADS ARE DRESSED**

Christmas Packing Season Will Open Early in December.

Peter Fox & Sons Co. closed the shipping season for dressed turkeys for Thanksgiving last Friday, having slaughtered and shipped five carloads, about 100,000 pounds of dressed fowls. There was an additional carload of feathers. By next week the company will begin packing for Christmas, but for a few days will not do much shipping. They have large capacity for handling live poultry at their plant and will be open for business right along until the Christmas packing begins. The turkey crop is regarded as inferior in quality and many late ones are sent back as not yet fit for the market.

**HUNTING TROUBLE.**

Some of The Nimrods Said to Be Docketed For Trial.

If reports are true several men are to be tried for violations of the game law. An officer said last week that the Game Warden had already cited about 38 hunters to appear for trial for hunting without license. The penalty is a fine ranging from \$50 to \$200, it is said, and the court has power to impose a jail sentence.

The cost of a permit to hunt is only a dollar and why anybody will run the risk of being found out and having to pay a heavy fine to save a dollar is hard to understand.

**HORSE FELL**

Upon Rider Who Had Narrow Escape From Death.

Mr. John M. Butler, of near Oak Grove, was badly hurt in a peculiar manner a few days ago. Mr. Butler was riding across a piece of plowed ground when his horse reared and fell upon him. The soft condition of the ground no doubt saved the rider from being crushed to death. As it was, he was considerably bruised, but no bones were broken.

**BOTH COUNCILS AGAIN MEET**

The Old Body Held Its Last Regular Meeting With Little To Do.

**SCHOOL MATTER WAS HEARD.**

Temporary Committees Named By Mayor Meacham For December.

The old Council held its last meeting Friday night with all present except Councilman Haydon.

The only matter of importance attended to was the hearing of the committee from the school board. The appropriation of \$1,200 for a colored school building drawn against the school fund was returned and charge to the general fund. The school board also protested against having \$3,700, (the excess on the contract for the high school building, above the \$80,000 appropriated by the city) taken out of the funds, but the Council let the warrant stand as drawn.

Some bills left out of the budget at the last meeting were paid. The principal ones were \$426.92 to Hopkinsville Stone Co., \$150 to Waller & Brodie for maps; \$81 to W. A. Radford for court costs and a few smaller items to correct tax lists.

Parting words were spoken by Mayor Meacham, Councilmen Dabney, Metcalfe and Leverett, and City Attorney Southall and Collector Richards, all expressing good feeling between members of the administration about to end.

The new Councilmen, who take office Dec. 1, were present and the Mayor announced the following temporary committees to take effect on that date:

Finance—Russell, Southall, Wooldridge.  
Contracts & Purchases—Southall, Russell, Carlross.  
Streets—Carlross, Gee, Russell.  
Workhouse—Southall, Buckner, Smith.  
Corporations—Wooldridge, Southall, Carlross.  
Cemetery—Buckner, Gee, Carlross.  
Sewers—Gee, Russell, Buckner.  
Buildings—Carlross, Smith, Buckner.  
Bridges—Buckner, Wooldridge, Smith.  
Pardons—To be elected.  
Fire—Wooldridge, Gee, Smith.

**Crop Estimates.**

The final yield of corn in Kentucky for 1913 as reported is 20.5 bushels per acre. The Government estimate for 1912 was 30.4 bushels. The final yield of Barley to date is reported as 655 pounds per acre. As there was an acreage of approximately 175,000, this would indicate that the Barley crop of Kentucky would be 115,000,000 pounds. The final yield of Dark tobacco is 503 pounds per acre, and with an acreage of approximately 150,000, makes the total yield of Dark tobacco about 75,000,000 pounds. The drouth has cut corn about one-third, Barley tobacco about one-third and Dark tobacco about one-half.

feel the effect most heavily. The new rating goes into effect the first of December and the prediction has been made that practically all of the companies operating in Kentucky will withdraw after December 1st and refuse to write dwelling house business. It is said that the companies who have already withdrawn write about three-fourths of the business on the basis prescribed by the state board without suffering loss.
